

OGDENITES HEAR CHILDREN'S PLEA

Head of Schools Tells Meaning of Hoover Dinner Monday Night

Shall it be life or death—in cups of warm food once a day till winter is over, or starvation? That is the question which will be answered next Monday evening at the Hoover dinner when the Hoover dinner is held, the entire proceeds of which will be turned over to the European relief fund, to care for the 3,500,000 starving children of Europe.

The dinner Monday night is being given under the auspices of the Ogden Chamber of Commerce and Weber club and plates will be sold at \$10 each. An exact duplication of the meals given to the starving children of Europe will be served.

The dinner Monday night is being given under the auspices of the Ogden Chamber of Commerce and Weber club and plates will be sold at \$10 each. An exact duplication of the meals given to the starving children of Europe will be served.

REQUEST FOR PLACES
Musical numbers and four-minute speeches will be the entertaining features. Four of these speakers will be prepared to address those present. Reservations are being made and as a limited number only can be seated, Secretary Stillwell urges that those who are interested in this great work and those who care to attend, phone or write their reservations to the Ogden Chamber of Commerce.

FACING DISASTER
Supt. W. Karl Hopkins, one of the members of the committee on arrangements with regard to the conditions in Europe today, said:

"Three and one half million children in Eastern and central Europe have no alternative to disaster between now and next harvest except American aid. For months these most helpless sufferers in the track of war have been admitted to American feeding stations only if tragically undernourished, and have received medical aid only if desperately threatened by death from disease."

MEALS COST A NICKEL
"One five-cent hot American meal daily has saved a thousand lives. Winter is closing down. The money of many nations is valueless outside their own boundaries. Economic and crop conditions make famine, with its terrible train of diseases, a certain visitor until next harvest. Inevitably the helpless children will suffer most. No child can grow to health and sanity on the pitiful makeshifts for food with which millions of European adults must content themselves this winter. It is obvious that the remedy can come only from the outside."

TRAGEDY THREATENS
"America saved 6,000,000 European children winter before last. Normal recuperation cut the need nearly in half last year, but unusual conditions have resulted in scant shrinkage of child destitution during the twelve months just past. The response of America must now decide whether \$200,000 of these charges in acute distress, shall be turned away this month from more than 17,000 asylums, hospitals, clinics and feeding stations dependent on American support. There would be no tragedy in history so sweeping or so destructive of those who can do no evil."

OGDEN'S ANSWER
"The work started in this country by the European Relief council is surely deserving of praise and Ogdenites should get back of this worthy movement and lend their aid to the men in charge of the Hoover dinner by being in attendance. Ten dollars will save a life. Local Americans will do their duty by you with us."

The dinner Monday evening is open to all residents of Weber county and Ogden City regardless of whether you have received an invitation or not.

Weber County Poultry Association Accepts Invitation to Join Stock Show

Weber County Poultry association will join forces with Ogden Livestock show officials in holding a combined livestock and poultry show in January, 1922.

This was the decision of members of the poultry association in session last night.

Fred Summerill, Jr., chairman of the association, said the members were unanimous in accepting the invitation of the livestock show officers and expressed pleasure that they had been asked to become a part of Ogden's annual stock event.

They also announced their appreciation of the support given them by the Weber county and Ogden City boards of commissioners, the chamber of commerce and the business men of the city.

Officers elected were Fred Summerill, Jr., chairman; Marius Hansen, vice chairman; William W. Shaw, secretary-treasurer.

An invitation to the pet stock breeders to enter the show was extended by the poultry fanciers.

Meet Tomorrow on Membership Drive

Presidents, secretaries and members of the membership committees of the Weber County Farm bureau will meet tomorrow at 2 o'clock at the federal building to complete plans for the membership drive which is being conducted in conjunction with the Utah State Farm bureau drive. The objective of the drive is to raise the membership of the state farm bureau to 15,000 members.

Social features of the drive which will extend over the week of January 17 to 22 will be worked out at tomorrow's meeting. Eight men whose duty will be to canvass the county in an effort to secure members, will be appointed.

Many of the towns of the county have agreed to hold meetings on various nights during the week.

Thus far, the towns who have applied for speakers, and have designated the night for the meeting, are as follows:

Hooper, Monday night; Huntsville, Monday night; North Ogden, Wednesday night; Pleasant View, Wednesday night; Fairview, Saturday afternoon; South Weber, Thursday; Eden, Tuesday.

When applications for all the towns have been received, a schedule for the meetings will be compiled.

W. P. Thomas, county agricultural agent for the Weber County Farm bureau, stated this morning that Weber county has always led the state in the percentage of farmers who have enrolled as members in the farm bureau. An effort will be made this season, he stated, to have 100 per cent enrollment. He said that some counties had a greater number of members than Weber county, but that this county has never been surpassed in the percentage of farmers who are members.

Browning Brothers store about two weeks ago, waived preliminary hearing when they appeared before the city court for arraignment this morning. They were bound over to the district court and their bail was fixed at \$1000 cash.

Captain Robert Burk stated he had received information from Rawlins, Wyo., to the effect that Solamancas and White had committed four robberies in that city. They entered a cellar of a private residence in search for wine, broke in a tailor shop but stole nothing, stole searchlights from an automobile store, and entered a clothing store where they took two suits of clothes, two sheepskin lined overcoats and three pairs of gloves lined with real skin. The latter were worth \$20 per pair. It is said.

The boys are said to have admitted robbing the stores in Rawlins.
